(2) LIQUIDITY. **(a)** The investment portfolio shall remain sufficiently liquid to meet all operating requirements that may be reasonably anticipated.

(b) The portfolio shall be structured so that securities mature concurrent with cash needs in order to meet anticipated operational demands (static liquidity). Furthermore, since all possible cash demands cannot be anticipated, the portfolio shall consist largely of securities with active secondary or resale markets (dynamic liquidity). A portion of the portfolio also may be placed in money market mutual funds or the LGIP that offer same-day liquidity for short-term funds.

(3) YIELD. **(a)** The investment portfolio shall be designed with the objective of attaining the highest market rate of return throughout budgetary and economic cycles, taking into

account safety considerations and liquidity needs.

(b) Return on investment is of secondary importance compared to the safety and liquidity objectives described above. The core of investments is limited to relatively low risk securities in anticipation of earning a fair return relative to the risk being assumed. Securities shall not be sold prior to maturity with the following exceptions:

1. A security with declining credit may be sold early to minimize loss of principal.
2. A security swap may be entered into if it would improve the quality, yield, or target duration in the portfolio.
3. Liquidity needs of the portfolio require that the security be sold.

26.55 STANDARD OF CARE. **(1)** The investment officer shall exercise the authority delegated to her or him in accordance with the public investment standard of care.

(2) The investment officer, acting in accordance with chapter 34 of Wisconsin State Statutes, this investment policy, county procedures and exercising due diligence, shall be relieved of personal responsibility for an individual security's credit risk or market price changes, provided deviations from expectations are reported to the oversight committee in a timely fashion and the liquidity and the sale of securities are carried out in accordance with the provisions of this subchapter, including the public investment standard of care.

26.56 ETHICS AND CONFLICTS OF INTEREST. **(1)** Officers and employees

involved in the administration of the investment program shall refrain from personal business activity that could conflict with the proper execution and management of the investment program, or that could impair their ability to make impartial decisions.

(2) Employees and investment officials shall disclose any material interests in financial institutions with which they conduct business. They shall further disclose any personal financial or investment positions, or combination thereof, that could be related to the performance of the investment portfolio. Employees and officers shall refrain from undertaking personal investment transactions with the same individual with whom business is conducted on behalf of the county.

26.57 DELEGATION OF AUTHORITY.

(1) Pursuant to s. 59.62(1), Wis. Stats., the county board hereby delegates to the county treasurer the authority to act as the investment officer.

(2) The investment officer shall act in accordance with established written procedures and internal controls for the operation of the investment program consistent with the provisions of this subchapter. No person on behalf of the county may engage in an investment transaction except as provided under the provisions of this subchapter and under the supervision of the investment officer. The investment officer shall be responsible for all transactions undertaken and adherence to the system of controls by subordinate officials and staff.

(3) The investment officer may contract with one or more investment managers or advisors with authority to make investment commitments consistent with the provisions of this subchapter. Such contracts shall be for a term of not more than 3 years provided that any such contract may contain an option exercisable by the investment officer for an additional 2 year term.

(2) The investment officer shall serve as the chairperson on the advisory committee. The committee shall elect a secretary and a vice-chairperson.

(3) The advisory committee shall meet at least quarterly to review the investment program and to provide such advice to the investment officer as she or he may request or the members deem prudent.

(4) The advisory committee shall also review and advise the investment officer on portfolio composition; strategies; performance; the current and future investment environment; and the development of operating procedures and internal controls. Such controls shall include references to: safekeeping, delivery vs. pay-

agreements, wire transfer agreements, reporting, and collateral/depository agreements.

(5) The advisory committee shall assist the investment officer by developing investment data, statistics and recommendations to aid the investment officer in her or his investment decisions; reviewing investment operations and reports on an ongoing basis; assisting in the selection and performance review of the working bank and investment advisors or managers used by the county; and providing such other assistance to the investment officer regarding the investment program, as may be requested.

(6) Citizen members of the advisory committee shall be appointed for staggered two-year terms and may be re-appointed. The investment officer shall solicit citizen member nominations, and may accept unsolicited nominations as well. Nominations of citizen members shall be made by the investment officer to the personnel and finance committee, which shall confirm or deny the appointments.

(7) Nothing in this section shall be construed to limit the authority of the personnel and finance committee under s. 7.14(2) to act as the policy oversight committee for the office of the county treasurer, or under s. 7.14(7) to concern itself with matters relating to banks, bonds, the collection of delinquent taxes and the sale of tax-deeded properties and to make reports to the county board.

26.62 SELECTION OF INVESTMENT ADVISORS AND INSTRUMENTS.

(1) Selection of investment managers and advisors shall be made through a formal competitive request for proposal process.

(2) (a) Except for funds placed in the Local Government Investment Pool, when the county directly invests surplus funds in investment instruments, a competitive bid process shall be conducted. Bids will be secured from at least three institutions meeting the requirements of this subchapter. Bidders are required to bid a firm price or yield.

(b) If a specific maturity date is required, bids will be requested for instruments which meet the maturity requirements. If no maturity date is required, the most advantageous market trend yield will be selected.

(c) Awards will be given to the bidder offering the highest effective yield consistent with the provisions of this subchapter; however, transaction cost (e.g., wire transfer costs) and

investment experience may be considered when awarding investments.

26.63 SAFEKEEPING AND CUSTODY.

(1) The investment officer shall maintain a list of financial institutions authorized to provide investment services. The investment officer shall also maintain a list of approved security brokers and dealers selected by creditworthiness (i.e., a minimum capital requirement of \$10,000,000 and at least five years of operation). These may include primary dealers or regional dealers that qualify under Securities and Exchange Commission (SEC) Rule 15C3-1 (Uniform Net Capital Rule).

(1) The investment officer shall establish an internal control structure designed to ensure that the assets of the county are protected from loss, theft or misuse. The internal control structure shall be designed to provide reasonable assurance that these objectives are met. The concept of reasonable assurance recognizes that (1) the cost of a control should not exceed the benefits likely to be derived and (2) the valuation of costs and benefits required estimates and judgements by management.

(2) The investment officer shall establish a process for an annual independent review by the county’s internal auditor or the external auditor to assure compliance with policies and

procedures. The internal controls shall address the following:

26.72 COLLATERAL.

(1) All investment institutions acting as a depository for the county must enter into a “depository agreement” requiring the depository to pledge collateral to secure amounts over and above guaranteed amounts. All securities serving as collateral shall be specifically pledged to the county (not as part of a pooled fund) and placed in a custodial account at a Federal Reserve Bank, a trust department of a commercial bank or through another financial institution.
