Date: October 13, 2015

Ref #: 10132015-1

Available at: www.countyofdane.com

Following emergencies and disasters, getting your organization *Back To Business* is both your and government's concern. What government, professional organizations, and insurance companies know is that *resumption* of your organization's operations comes sooner and more efficiently if you have taken time to prepare for responding to and recovering from a disaster.

To provide an opportunity for organizations (private, non-profit, and government) to learn about continuing critical functions, recovering impacted capacity, and resuming normal operations, Dane County Emergency Management is sponsoring a **FREE *Back To Business Workshop Thursday October 29, 2015*** from **9:00am – 2:30pm** at **Olbrich Botanical Gardens**. Lunch is included.

Presentation topics include:

- Understanding the Incident Command System used by first responders
- Continuity planning
- Utility restoration
- Government disaster recovery assistance

“Planning is key to safe and fast recovery,” said Dane County Executive Parisi. “Dane County is offering this workshop to help our community become more resilient and ready for an emergency.”

This workshop is made possible by a grant from Wisconsin Emergency Management supporting local public / private partnerships.

To **register** for this workshop, email the following information to WEMPPP@wisconsin.gov :

- Attendee name(s).
- Organization name.
- Contact telephone number.
- Contact E-mail.

Please contact either Jennifer Laack (WEMPPP@wisconsin.gov 608 / 242-3238) or J. McLellan (mclellan@countyofdane.com 608/267-2542) with any questions.
